installazione di accessori

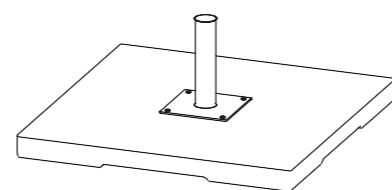

Ombrellone

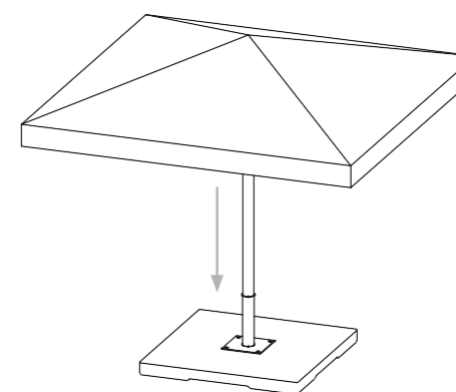

1
Forare il calcestruzzo con un trapano a percussione.

2
Fissare la base dell'ombrellone al pannello di calcestruzzo .

3
Una volta che la base è fissata al pannello inserire l'ombrellone al suo interno

Il sistema di installazione che permette di avere una base fissa e permanente sul terrazzo e rimuovere periodicamente gli ombrelloni a proprio piacimento.
